Rockbud Mont.
April 30. '48

Mr. G. J. Deavitz
Billings, Mont.

Dear Sir -

I've answered to the letter
you sent Miss Mary King,
Hysham, Mont.; in regard to
water rights on land in Sec.
15, T. 6 N. R. 43 E.

We are buying this land
on contract, so they forwarded
your letter on to us.

Mr. Billy Merrill watered
some on this land from the
Yellowstone R. in 1898 as near
as we can find out. He had
a steam engine rigged up for power.

Also, lots 5, 6, 7, Section 10 -
were watered from around
1908 or 1910.

Parts of lots 4, 5, 6, 7, 8, of Sec. 14
have been watered some of the
time since then.

The unnamed spring you
mentioned has been used
for practically the same length
of time.

I understand that this
gives us a "users right" to water
our land or would you
recommend that we file a
water right at the court house
also?

Sincerely -

Lyle S. Legates. Rockbud.

May 4, 1948

Mr. Lyle S. Register
Rosebud, Montana

Dear Sir:

We wish to take this time to thank you for the information contained in your letter of April 30, 1948, giving us the history of water use on your land in Rosebud County.

From your letter it seems that a water right has been established on your land by the priority method. I would suggest, however, that you compile about the same information that you have stated in your letter in regard to the first use of irrigation on your land and record this information in the County Courthouse. By so doing, a permanent record will be made of the water use and thus help safeguard your water rights. When and if you do this it would be helpful if you would have the information witnessed by one or more old-timers in your immediate vicinity who know the facts therein to be true.

Very truly yours,

Gerald J. Oravetz
